

# DYNA-FOG<sup>®</sup>

HIGH POWER WITH  
MAXIMUM EFFICIENCY

## MINI-PRO

The **MINI-PRO™** dispenses insecticides, fungicides, germicides, disinfectants, odor control and other chemical products. Engineered and developed with the professional in mind, the **MINI-PRO™** is ideal for cattle barns, food processing plants, warehouses, barracks, shopping ventures, schools, restaurants, apartment buildings, grain mills, factories, and more.

The **MINI-PRO™** is simple to operate, easy to set up, transport and store. This lightweight powerhouse that was engineered for heavyweight jobs offers many features at a surprisingly low cost.

The **DYNA-FOG® MULTIMIST™** nozzle will produce 90% of the droplets below 20 microns when used at the recommended flow rates and pressures. This meets the requirements of all current chemical labels.

*Backed by **DYNA-FOG'S®** 2-year warranty and a worldwide network of factory trained, experienced distributors.*

# DYNA-FOG® MINI-PRO™

## STANDARD FEATURES

- 8 hp Briggs & Stratton air cooled twin cylinder engine, electric start, charging system, and spark arrestor fitted to the exhaust
- Digital tachometer/hour meter
- Direct drive, positive displacement blower with corrosion resistant air filter/silencer
- Electric stainless steel solenoid valves
- Directional adjustable nozzle head
- Liquid filled pressure gauge to monitor nozzle air pressure
- No chemical flows through the vehicle cab
- Shock-absorbing vibration pads that cut vibration to a minimum
- Quality gauge on the gasoline tank
- Supplied on a wheel and cart for maneuverability in large buildings
- Single nozzle to produce a precise droplet size for optimal results
- Welded tubular steel frame
- 2-year warranty
- Chemical resistant epoxy paint

## OPTIONAL EXTRAS

- Heavy duty 12v battery
- Manual choke
- Automatic engine idle back

*For other Truck Mount Options see separate literature.*

## SPECIFICATIONS MODEL 2992

<b>ENGINE:</b>	4-cycle, twin cylinder 8 hp gasoline engine, alternator and electric start
<b>BLOWER:</b>	Rotary, positive displacement direct drive. Air output 100 cfm (2.8m <sup>3</sup> /min)
<b>PUMP:</b>	Diaphragm 0-128 oz. (0-3.8 l/min).
<b>NOZZLE:</b>	Single high output <b>MULTIMIST™</b> nozzle adjustable 360° horizontally and vertically
<b>TANKS:</b>	Corrosion and UV resistance high density polyethylene.
<b>CAPACITIES</b>	Formulation: 15 gall (57 l) with lockable cap. Flush: 1 gal (3.8 l)
<b>REMOTE CONTROL</b>	Spray on/off, Flush on/off
<b>MACHINE DIMENSIONS</b>	
<b>UNCRATED:</b>	Length x Width x Height in (cm) 32(81.0) 28(74) 33(87)
<b>MACHINE WEIGHT</b>	210 lbs (95 kgs)
<b>SHIPPING DIMENSIONS</b>	
<b>CRATED:</b>	68(122)x39.5(102)x39(99)
<b>SHIPPING VOLUME:</b>	21.33ft <sup>3</sup> (0.6 m <sup>3</sup> )
<b>SHIPPING WEIGHT:</b>	220 lbs. (108 kg)
