

## Perimeter Patrol System™

Patent # 6,158,166 Patent # 6,164,010  
Other Patents Pending

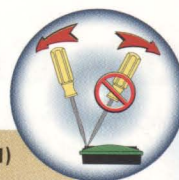

### The Ultimate System for Monitoring, Baiting, & Trapping

#### Liquid Bait Cup (PPS-5)

Optional for large  
volumes of liquid bait

#### Cap (PPS-1)

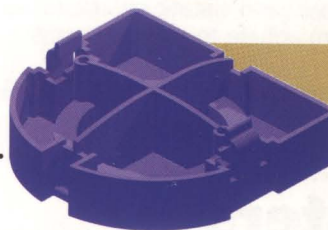

- Label area for your company logo
- **Inspection Sticker** (PPS-11) attaches under cap for chemical lists and inspections
- **Chemical Label** (PPS-20) lists most baits
- PPS-1W white cap

#### Screen (PPS-25)

#### General Pest Station (PPS-2)

- accessible to all crawling pests and ants
- Holds several types of baits at once
- Includes screen for granular drainage

#### Ants-Only Bait Station (PPS-2A)

- 4 Compartments to hold liquids or granulars
- Only allows ants in, not other pests

### Bait Station & Pest Sentry Attachments

#### 3" Ground Spike (PPS-3)

For hard packed clay  
& soil

#### 6" Ground Spike (PPS-6)

For looser soils

#### Tree Mounting Bracket (PPS-9)

Holds base  
horizontal to  
keep bait  
in place.

#### Metal Ground Probe (PPS-8)

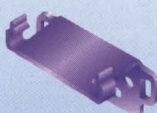

Pound  
into hard  
soils before  
3" spike

Elevated ribbed  
construction  
prevents water  
from wicking up,  
yet allows  
drainage

#### Duckbill Anchor (PPS-4)

Attaches to 6" spike

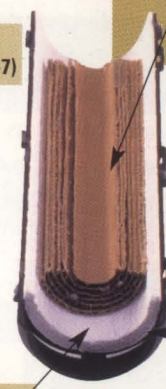

#### Termite Monitors (PPS-7)

- Works with  
Bait Stations,  
Cap only,  
Pest Sentry  
or Eliminator
- Holds 2 x 2  
wood block  
or our Foam  
Sleeve

Open at  
bottom, allows  
wood-to-  
ground contact

#### Cardboard Feeding Matrix (PPS-17)

- More food  
than most  
other systems
- Can be  
replaced with  
commercial  
baits

Protective  
Air Gap  
Extends  
the life of  
the  
cardboard

#### Foam Sleeve (PPS-13A)

Resists decay, and  
protects Cardboard  
Feeding Matrix  
from decay

#### Drill Auger 2 1/2"

Our heavy duty ground auger is pointed to ensure it stays where you want it. The steady taper keeps it from trying to bite out too much ground at once. Fits any 1/2" drill chuck. Great for most termite stations include our Perimeter Patrol System termite tubes.
